

ALLEGRIA *Cares*

At Allegria, we're all about caring. We care about our residents and our staff, we care about giving back, and we care about making the world a better place. That's why we have incredible programs such as the ones listed below all of which are under the umbrella of Allegria Cares.

Employee Appreciation

We are passionate about providing the best quality care for our residents and we know that one important way to do this is to have a happy staff. It was this understanding that led us to the Allegria Cares program.

Health

In another effort to increase staff happiness and wellness, Allegria is currently working to secure free monthly gym memberships for staff members at a local gym.

Education

Our incredible scholarship program is designed for staff both in and out of school. The aim of this program is to help lessen the burden of previous student loans while helping others further their career.

Travel

We understand the importance of family and want to enable our employees to be with them when it matters most. Many of our dedicated employees come from other countries or states for job opportunities. In an effort to help employees get "back to their roots," we will be providing select staff members with all-expense paid vacation.

#AllegriaCares

Allegria is always looking to give back to our communities. One way we accomplish this is by fundraising for the community and various charitable causes.

As a member of the Alzheimer's Association, Allegria is currently running a fundraising campaign.

As the leading organization dedicated to Alzheimer's support and solutions, the Alzheimer's Association is clearly aligned with our vision of a healthier, stronger, and happier geriatric population.
